Request for Review  
Billed Entity Number 138380  
471 Application Number. 343976  
Funding Request Number. 935856

To Whom It May Concern

This letter to request for review the SLD decision to deny Funding Request #935856 in the amount of \$295.46.

This request was for wireless telecommunication service for the district Athletic Director. The Athletic Director's wireless telecommunication service is bundled with the district transportation department in order to meet a 300-minute maximum usage requirement. This district has several wireless telecommunication bills each month from Alltel. Users are grouped to meet the 300-minute maximum usage and not by divisions of labor. The Athletic Director is NOT a part of the district transportation department in any function and thus should not have been denied. This district did not apply for any transportation/grounds wireless telecommunications service, as these were ineligible for discount.

Enclosed is a copy of the appeal letter sent to the SLD and the Activity Director's wireless telecommunications bill with his service highlighted. All other wireless telecommunication services listed on this bill are ineligible and therefore have not been included in any discount applications.

Funding Year 2003 07/01/2003 - 06/30/2004  
Billed Entity Number 138380  
Funding Request Number 935856

To Whom It May Concern

This letter is to appeal the SLD decision to deny Funding Request #935856 in the amount of \$295.46

Funding Request #935856 was submitted for monthly cellular telephone costs for the Fillmore Central Public School's Activities Director. As stated in the SLD Eligible Services List (page 2, paragraphs 4-7), "Basic Telephone Service, whether wireline or wireless, is eligible for discount when provided for use at a place of instruction and for educational purposes. The use of the service must support instruction of K-12 students or learning in a library, or must support curriculum or instruction management. Basic Telephone Service for teachers, teacher aides, principals, curriculum coordinators, superintendents, and librarians, for example, would be eligible."

The Fillmore Central Public School's Activities Director is responsible for supervising district students at extra-curricular activities in all capacities. He acts in a supervisory role similar to either a principal or superintendent at these activities. The Activities Director is also employed as a 1/2 time instructor. His job entails the instruction of students both in the classroom and in extra-curricular areas. Direct cell-phone access is required to adequately perform both teaching and activity director duties.

\*\*\* PLEASE NOTE THAT APPLICABLE SURCHARGES AND TAXES ON ROAMING ARE INCLUDED IN THE "ROAMING CHARGES" COLUMN ABOVE. THEY DO NOT APPEAR IN THE "SURCHARGES/TAXES" COLUMN.

900/976 Charges	"900" is an information service area code, or dial access code, used to reach a wide range of information providers. Examples of the information that may be provided via a 900 number are adult content programming, weather reports, lottery results, or caller voting for various topics such as television polls. 900 Service calls are charged to the party originating the call. Charges for accessing 900 calls are often included in the toll charges on the local telephone bill. 900 Service and the cost of dialing into a 900 Service Provider is not eligible for discount. <b>Similarly, the service and cost of dialing into 976 numbers, which provide a local, pay-per-call service, is not eligible.</b>	Not Eligible
900/976 Call Blocking	A monthly, or recurring, telephone company charge for the blocking of calls to 900 or 976 numbers. The blocking prevents callers from completing calls to 900 or 976 numbers. <b>As a component of an eligible telecommunications service, 900/976 call blocking is eligible for discount.</b>	
911/E911 Trunks/Lines	911/E911 dedicated telecommunications trunks, or lines, specifically or exclusively used for connection between a school/library and a Public Safety Answering Point (PSAP) are not eligible for discount.	Not Eligible
Asynchronous Transfer Mode (ATM)	<b>See the entry for Digital Transmission Services.</b>	
Basic Telephone Service	<p>Basic telephone service <b>consists of</b> "Plain Old Telephone Service," Cellular/Personal Communications Service, and long distance telephone service, <b>and involves individual lines not shared through a PBX, key system, or Centrex system</b>.<sup>2</sup></p> <p>Basic Telephone Service, whether wireline or wireless, is eligible for discount when provided for use at a place of instruction and for educational purposes. The use of the service must support instruction of K-12 students or learning in a library, or must support curriculum or instruction management. Basic Telephone Service for teachers, teacher aides, principals, curriculum coordinators, superintendents, and librarians, for example, would be eligible.</p> <p>Basic Telephone Service delivered to an ineligible location or user, such as an individual Basic Telephone Service line to a bus barn, would not be eligible. Note, however, that telephone service to individual station sets may be provided by technologies beyond Basic Telephone Service, and in some of these instances a broader set of users may be eligible when these technologies are used. See the Administrative Offices and Buildings Fact Sheet in the Reference Area of the SLD web site for further information.</p> <p>Generally, Basic Telephone Service for school or library personnel not involved with instruction, such as cafeteria directors, maintenance personnel, facility directors, would not be eligible unless those individuals also provide instruction or library services directly to the public.</p> <p style="text-align: right;">(continued on next page)</p>	

<sup>2</sup> If ordering ONLY Basic Telephone Service and submitting a Form 471 application ONLY for Basic Telephone Service, applicants are not required to prepare, submit and have an approved Technology Plan.
